Work Experience

Agora Partnerships
Full Stack Developer
september 2024 – present

Full stack application development with Next.js, TypeScript, Express, and PostgreSQL. Implementing intuitive interfaces, authentication, permission management, and efficient communication between frontend and backend.

zoneflick
Operations Director
august 2019 – august 2023

Design and implementation of automated systems for video translation and localization processes, enabling collaboration among a team of approximately 30 professionals. Additionally, I developed Business Intelligence reports to drive data-driven decision-making.
